

Planning Document for the 2010/2011 CRRA Strategic Plan

Includes recommendations from the Board of Directors, Collections Committee,
Digital Access Committee, and Scholars Advisory Committee

DRAFT 6.24.10

NB: The [CRRA Strategic Plan 2009/2010](#) forms the basis for this planning document.

For discussion purposes, this document lists 2009/10 accomplishments in the Actions Completed column, in column two (Goals ... 2010/2011) are any incomplete goals from 2009/10 and all suggested long term goals from 2009/10.

This is *just a starting point*, something to jumpstart the conversation about CRRA priorities for the coming year. We may do some, all, or none of the activities in column 2. We may do *new* activities next year – it all depends on what you see as important next steps.

Communicate to members that highlighting these themes is not prescriptive but suggestive. Encourage members to think about their own holdings in these areas and to add to the portal what they may have in these areas, thereby supporting the portal goal to build collections. 1.2. Add links to the portal that highlight key collections, starting perhaps with the three themes to highlight in 2010/2011 (Catholic social action, Catholic intellectual life, Women religious). The links will collocate records in the portal related to each theme, thereby emphasizing portal collections and saving the time of the user.	Add themes as needed.
